# EXCALIBUR REWARDS PROGRAM

## How the Excalibur Rewards Program Works

The Versico Excalibur Rewards Program rewards you with up to 600,000 points per calendar year for installing Versico Total System Warranty projects. In addition to earning rewards points to spend in the program, 600,000 points also qualifies your company to receive an invitation to attend Versico's King's Court Trip.

Points for Total System Warranty installations will be calculated at the end of each calendar year, based on job completion date. Once calculated, points will be converted into reward dollars and will be deposited into your online Excalibur Rewards account in January. Excalibur Rewards dollars will be available to spend through December 31. Annually, accounts will be re-set and the new year's Excalibur Rewards dollars will be deposited.

Points will be awarded for total system warranty projects as follows:

### How to Qualify

Versico awards a select number of contractors with the King's Court distinction based on how many Excalibur Rewards points they accumulate throughout the year. During the year, contractors earn Excalibur Rewards points for installing Versico's VersiGard® EPDM, VersiWeld® TPO, VersiFlex™ PVC and VersiFleece® Total System Warranty projects. Additional points can also be earned by using Versico's insulation and metal. In order to qualify for King's Court, an authorized Versico contractor must earn 600,000 Excalibur Rewards points between January 1st and December 31st. Points are calculated based upon job completion date. Total System Warranty projects are tracked through Versico's warranty system and points are issued based upon system composition.
