

EDGE-TO-EDGE WARRANTY

The importance of a properly designed roof edge system should not be underestimated. On average, the roof edge typically represents only 1% of a building's overall cost. However, improper design and installation of the roof edge can have catastrophic consequences. As one of the most vital parts of a roofing system, it's imperative that coping and fascia are included in your roof system warranty – that is why Versico has created the new “Edge-to-Edge” Total System Warranty.

Including Edge Metal in the Edge-to-Edge Total Roof System Warranty

1 VersiTrim™ Pre-Engineered Edge Metal

Up to 30 Year/120 MPH Warranty Coverage

Versico's VersiTrim perimeter roof edge systems are the first line of defense against wind, ensuring a polished perimeter and long-lasting protection. Versico's unmatched line of roof edge products are available in a range of materials, profiles, and color options to meet any project's needs.

Advantages of VersiTrim Fascia & Coping Systems

- All systems are factory-fabricated and ANSI/SPRI ES-1 tested to meet International Building Code requirements, and many are FM approved.
- Boosts productivity by allowing contractors to spend less time fabricating and more time on the roof, completing jobs.
- Can be warranted up to 30 years under Versico's Edge to Edge Total System Warranty.
- Finish warranties up to 30 years are available for Kynar® 500 and Hylar® 5000 PVDF finishes.

2 SureTite Cleat/Shop Fabricated Cover

Up to 20 Year/90 MPH Warranty Coverage

Versico SureTite Cleats are a continuous Galvalume cleat that is available in 12' lengths. We offer two cleat profiles: SureTite Drip Edge Cleat and SureTite Snap-On Fascia Cleat. The Drip Edge Cleat allows for three edge profiles: Drip Edge, Gravel Stop and Flat Coping. The SureTite Snap-on Fascia allows for 2 profiles: Snap-on Fascia and Sloped Coping.

The combination of our prefabricated cleat and shop fabricated cover allows the contractor to meet ES-1 certification with the need for certifying their shop. Benefits include delivery of cleat with roofing materials, 12' lengths to reduce labor and fasteners needed to install the entire metal edge system.

3 Shop-Fabricated Edge Metal

Up to 20 Year/90 MPH Warranty Coverage

Versico's Metal Flat Sheet Program offers authorized contractors the opportunity to include shop-fabricated edge metal in Edge-to-Edge Total System Warranties when purchased through the channels listed below. All shop-fabricated fascia and/or coping must comply with Versico's published specifications and details. Refer to the Edge Metal section of the Versico Specification Supplement (G-10).

Versico Flat Sheets

Authorized contractors can shop-fabricate Versico flat sheets and submit for Edge-to-Edge Warranty inclusion.
