

# Stained Glass Stone for Roof Garden Applications

## Overview

Versico's Stained Glass Stone is a beautiful addition to any roof garden or plaza. With 12 colors to choose from, the possibilities are endless for designing anything from faux water features to company logos. With 100% post-consumer recycled content, Stained Glass Stone is an environmentally intelligent choice to turn your roof garden or plaza into a dazzling oasis.

## Features and Benefits

- 100% post-consumer recycled material
- 12 color options give incredible aesthetic effects
- Available in 50-pound increments with a minimum order of 500 pounds
- Large particle-size and high density prevents scouring
- Included in Versico's single-source warranty
- Can contribute toward LEED® Credits

## Installation

Versico's Stained Glass Stone is delivered in SuperSacks containing up to 3,000 pounds of material. Material is hoisted to the rooftop and deposited over a 1" + thick drainage composite, such as Versico's MiraDRAIN® G4. Versico's Stained Glass Stone is applied at a minimum of 10 pounds per square foot.

REVIEW CURRENT VERSICO SPECIFICATIONS AND DETAILS FOR SPECIFIC INSTALLATION REQUIREMENTS.

## Typical Properties and Characteristics

Density	85 lbs/cubic feet
