

**WARRANTY NO.:****BUILDING OWNER:****NAME OF BUILDING:****BUILDING ADDRESS:****DATE OF COMPLETION OF THE CARLISLE TOTAL ROOFING SYSTEM:****DATE OF ISSUE:**

Concerning sales of PVDF (Polyvinylidene Fluoride) painted coil, which will be fabricated into components for pre-painted metal roofing, edge to edge perimeter systems and metal buildings.

**Coverage:**

This paint anti-weathering limited warranty ("Limited Warranty") applies to flat sheets and coils identified on offerings and invoices from Carlisle, which are therefore eligible to be covered under this Limited Warranty and used by fabricator within six months of invoicing. It applies to metal buildings installed in the continental United States. This is an anti-weathering paint finish warranty and does not apply to corrosion of the substrate.

**Terms:**

Although it is recognized by the owner, fabricator and Carlisle that most coatings will fade and change in appearance to some degree over a period of time in outdoor installations, and that some changes may not be uniform between surfaces not equally exposed, provided all conditions as set forth herein of this Limited Warranty are first met, Carlisle warrants that the goods covered by this warranty will resist natural weathering of the paint finish to the extent that they will conform to the manufacturer's performance standards for thirty-five (35) years [ten (10) years in the case of Award Blue and Cardinal Red] following field installation as set forth below:

1. PVDF finish will not peel, crack, check, or flake to an extent that is apparent on ordinary outdoor visual observation; and
2. Vertical installations of PVDF finish will not change color more than 5 NBS (Hunter) units, and non-vertical installations will not change color more than 7 NBS (Hunter) units following field installation. Color measurements are to be made per ASTM D 2244 and only on clean surfaces after removing surface deposits and chalk per ASTM D 3964; and
3. Vertical installations of PVDF finish will not chalk more than a number 8 rating, and non-vertical installations will not chalk more than a number 6 rating, when measured per ASTM D-4214, Method A.

This is an anti-weathering limited warranty and does not apply to other causes of failure, including: Coils or fabricated parts which have suffered scratching or abrasion or impact by a hard object, are stored at any time prior to field installation contrary to storage instructions as issued by Carlisle; are stored or installed in a way which allows standing water on the coating or which occurs in any chemically aggressive environment containing salts or other chemicals, whether naturally occurring or caused by man; are stored or installed in an environment that includes a high degree of humidity, sand, dirt or grease, whether naturally occurring or caused by man; have suffered any damage caused by acts of God, radiation, falling objects, explosion, or other external forces, including conditions which develop between the coating and the metal which cause the coating to degrade.

This Limited Warranty does not apply to the following conditions: areas subject to water run-off from lead or copper flashings or areas in metallic contact with lead or copper; areas sheltered from periodic washing by natural rainfall such as underside eaves and soffits; conditions and circumstances where corrosive fumes or condensates are generated or released inside the building; or forming where the bend is tighter than 2T for sheet thicknesses up to 0.030" (0.75mm) and tighter than 4T for sheet thicknesses 0.031" (0.76mm) and thicker; the slope of the roof or sections of the roof being flatter than 1/4; 12; forming which involves severe reverse bending or which subjects the coating to alternate compression and tension; failure to provide free drainage of water, including internal condensation, from overlaps and all other surfaces of the sheets or panels; failure to remove debris from overlaps and all other surfaces of sheets and panels; damage to the coating caused by contact with green or wet lumber; wet storage stain caused by water damage or from condensation; presence of damp insulation or other corrosive materials in contact with or close proximity to sheets or panels; deterioration of sheets or panels caused directly or indirectly by contact with fasteners (The selection of suitable long-lasting fasteners to be used rests solely with the Buyer).

This paint warranty is a "film integrity" warranty only and does not cover events or environmental circumstances that negatively impact the performance of the substrate on which the paint system is applied.

**Exclusion of other Warranties:**

This limited warranty is exclusive and is in lieu of any warranty of merchantability, fitness for a particular purpose, or other warranty of quality, whether expressed or implied, and whether written or oral. Corrections of non-conformities in the manner and for the period of time provided herein shall constitute fulfillment of all liabilities of Carlisle with respect to or arising out of the goods whether based on contract, negligence, strict liability in tort, or otherwise.

**Remedy:**

If Carlisle product fails to comply with the Limited Warranty, Carlisle's sole liability, and Buyer's exclusive remedy, will pay for labor and material reasonably necessary to repaint, repair or replace, at Carlisle's option, the metal panels exhibiting the conditions described above (the "Warranty Benefits"). All products must be purchased from Carlisle (including but not limited to: metshield underlayment, Carlisle clips, Screws and Touch Up Paint Pens). The Warranty Benefits shall not exceed the original purchase price of the affected metal panels (not including any accessories or attachments) or the remedy provided in any other warranty provided to the building owner, whichever is less. This Limited Warranty will continue to apply to any metal panels that were repainted, repaired or replaced under this Limited Warranty, but only for the unexpired portion of the Limited Warranty period applicable to the original coated metal panel. If Carlisle's investigation indicates that this Limited Warranty does not cover the claimed defect, Buyer shall reimburse all of Carlisle's third-party expenses incurred in connection with the investigation of the claim.

Carlisle recommends that there be a systematic fresh water rinse maintenance program in effect in the areas of salt concentration (such as adjacent to the seashore and/or industrial atmospheres) so as to prevent the accumulation of concentrated mineral deposits.

**Stipulations and Limitations for Remedy:**

Carlisle’s liability for breach of this warranty shall be limited exclusively to the cost of either repairing non-conforming sheets or panels or, at Carlisle’s sole option, of furnishing F.O.B. Buyer’s plant, sufficient sheet product to enable Buyer to fabricate replacement panels for the non-conforming panels and labor to fabricate replacement parts.

1. All products (Coils/Flats/Carlisle Ice and Water & Synthetic Underlayments/Clips/Screws/Paint Pens) used during the initial installation must be supplied by Carlisle and manufactured by a qualified and registered DM-ARM Member.
2. Claims must be promptly reported in writing to Carlisle and Carlisle shall be given a reasonable opportunity to inspect the sheets or panels claimed to be non-conforming. Adequate identification of the material involved in the claim, including the date of installation, order number, coil number, invoice number and date of shipment must be established by the Buyer.
3. Buyer shall exercise diligence in the inspection of material as received from Carlisle so as to mitigate repair or replacement.
4. Carlisle extends this warranty solely to the owner.
5. This warranty is transferable but will be dated back to the original installation date.
6. Carlisle reserves the right to terminate this warranty at any time (except as to orders already accepted) upon giving of written notice thereof.
7. All warranty disputes will be settled under applicable laws of the Commonwealth of Kentucky.
8. This Warranty becomes effective only upon presentation of paid invoices from contractor/owner to manufacturer/installer and to Carlisle. In no event will future claims be honored if the above payments have not been made.

**Other Conditions:**

Carlisle shall process any warranty claims under the limited warranty provided by the original manufacturer of the PVDF paint. The limited warranty for the PVDF paint from the manufacturer is the sole warranty related thereto. Any and all previous warranties, whether express or implied, provided by Carlisle arising from the PVDF paint are hereby superseded.
