

VERSITRIM™ PERIMETER EDGE METAL

Quick Ship Program

Versico Roofing Systems has created a Quick Ship program for its most popular VersiTrim perimeter edge metal products. Versico's Quick Ship program significantly reduces lead times on a variety of edge metal products, as detailed below. All Quick Ship products are ANSI/SPRI ES-1 tested to meet building code and are eligible for coverage under the Versico Total Roofing System Warranty.

VERSITRIM 200/2000 SERIES*

Product(s)	Sizes	Colors	Material	Typical Lead Time
 VersiTrim 200 TPO Coated Drip Edge	2.5", 3", 4", 6" Note: No cleat provided on 2.5"	TPO White	TPO-coated 24-gauge galvanized steel	1-2 days
 VersiTrim Skirted Heat-Weldable TPO Drip Edge				
 VersiTrim One Edge	4", 5", 6.5", 8" Note: 90° inside and outside mitres are available	Almond, Bone White, Cityscape, Clear Anodized, Colonial Red, Dark Bronze, Forest Green, Mansard Brown, Medium Bronze, Mill Finish Sandstone, Sierra Tan, Slate Gray, Stone White	24-gauge galvanized steel or .040" aluminum	1-2 days
 VersiTrim 2000 Standard Fascia	4", 5.5", 7", 8.5" Note: 90° inside and outside mitres are available			

* Straight runs only, miters require additional lead time.

VERSITRIM PERIMETER EDGE METAL

Quick Ship Program

Program Notes

- Lead times are standard on orders up to 1,000 lineal feet. Lead times do not include transit time.
- Cleats, fasteners, and concealed splice plates included.
- Versico VersiTrim perimeter edge metal is custom-crated for enhanced protection during transit.
- Versico VersiTrim perimeter edge metal is protected as part of a total system warranty. Please refer to each profile's Technical Data Bulletin for specific warranty wind speed options.
- Versico VersiTrim perimeter edge metal is ANSI/SPRI ES-1 tested, improving the longevity of the perimeter edge and helping to protect the roofing system.
