

# PVC PLANT TOUR

## YOU'RE INVITED TO TOUR VERSICO'S PVC PLANT IN GREENVILLE, IL

You are cordially invited to Versico Roofing Systems PVC Plant Tour, in 2024, in Greenville, Illinois. As the industry's most advanced PVC manufacturing line, this facility manufactures the widest selection of PVC products in the single-ply roofing market.

Join us, all expenses paid, for an exclusive behind-the-scenes look into our PVC facility. The event will consist of a Versico hosted dinner, an exclusive tour of our PVC line and informative Versico PVC Presentations.

### Important Event Information

**Flight Information:** After completing the event registration, Brian DeBrand, Versico's Travel Consultant, will reach out to you via email to confirm/reserve your flights.

**Hotel Information:** Versico will secure your hotel reservation at:

Live! By Loews
