

DESIGN ADVISORY

Design Advisory – September 2026 BIM Release
September 1, 2026

To: Carlisle SynTec Systems' Manufacturer's Representatives, Distributors, and Authorized Applicators

Subject: Carlisle SynTec Systems' BIM Liquid Flashing and Air and Vapor Barrier Details

Carlisle SynTec Systems is pleased to announce the release of details for LIQUISEAL® Liquid Flashing systems and VapAir Seal™ MD/VapAir Seal 725TR Air and Vapor Barrier systems. These details are for use in Revit to easily insert into your BIM projects. Each detail corresponds with its own drafting view, which can be easily imported into the Revit user environment. As with other releases, instructions on how to import our details have been included within the landing page of each file for ease of use. The landing page also includes a quick reference index listing detail names and numbers.

Below is a summary of included BIM family content:

Carlisle SynTec Systems' LIQUISEAL Liquid Flashing, VapAir Seal MD/725TR Air and Vapor Barrier Installation Details	
Carlisle SynTec LIQUISEAL Details.rvt	Carlisle SynTec VapAir Seal MD & 725TR Details.rvt
Inspection, Cleaning, Preparation, and Application Attachments	Universal VapAir Seal MD Details
Universal Details	Universal VapAir Seal 725TR Details

These new BIM detail files can be found on our [BIM Library page](#) beginning September 1, 2026. If you have any questions, please contact Design Services.

Sincerely,

Brian J. Rivera, CDT
