

## Edge-to-Edge Warranty

The importance of a properly designed roof edge system should not be underestimated. On average, the roof edge typically represents only 1% of a building’s overall cost. However, improper design and installation of the roof edge can have catastrophic consequences. As one of the most vital parts of a roofing system, it’s imperative that coping and fascia are included in your roof system warranty – that is why Carlisle has created the new “Edge-to-Edge” Golden Seal Total System Warranty.

### Including Edge Metal in the Edge-to-Edge Total Roof System Warranty

1

#### SECUREDGE PRE-ENGINEERED EDGE METAL

**UP TO 30 YEAR / 120 MPH  
WARRANTY COVERAGE**

Carlisle’s SecurEdge perimeter roof edge systems are the first line of defense against wind, ensuring a polished perimeter and long-lasting protection. Carlisle’s unmatched line of roof edge products are available in a range of materials, profiles, and color options to meet any project’s needs.

Advantages of SecurEdge Fascia & Coping Systems

- » All systems are factory-fabricated and ANSI/SPRI ES-1 tested to meet International Building Code requirements, and many are FM approved.
- » Boosts productivity by allowing contractors to spend less time fabricating and more time on the roof, completing jobs.
- » Can be warranted up to 30 years under Carlisle’s Edge to Edge Total System Warranty.
- » Finish warranties up to 30 years are available for Kynar® 500 and Hylar® 5000 PVDF finishes.

2

#### SURETITE CLEAT/SHOP FABRICATED COVER

**UP TO 20 YEAR / 90 MPH  
WARRANTY COVERAGE**

Carlisle SynTec SureTite Cleats are a continuous Galvalume cleat that is available in 12' lengths. We offer two cleat profiles: SureTite Drip Edge Cleat and SureTite Snap-On Fascia Cleat. The Drip Edge Cleat allows for three edge profiles: Drip Edge, Gravel Stop and Flat Coping. The SureTite Snap-on Fascia allows for 2 profiles: Snap-on Fascia and Sloped Coping.

The combination of our prefabricated cleat and shop fabricated cover allows the contractor to meet ES-1 certification with the need for certifying their shop. Benefits include delivery of cleat with roofing materials, 12' lengths to reduce labor and fasteners needed to install the entire metal edge system.

3

#### SHOP-FABRICATED EDGE METAL

**UP TO 20 YEAR / 72 MPH  
WARRANTY COVERAGE**

Carlisle’s Metal Flat Sheet Program offers authorized applicators the opportunity to include shop-fabricated edge metal in Edge-to-Edge Total System Warranties when purchased through the channels listed below. All shop-fabricated fascia and/or coping must comply with Carlisle’s published specifications and details. Refer to the Edge Metal section of the Carlisle Specification Supplement (G-11-18).

##### Carlisle Flat Sheets

Authorized applicators can shop-fabricate Carlisle SynTec flat sheets and submit for Edge-to-Edge Warranty inclusion.
