

RAPIDLOCK TECHNOLOGY

What is a RapidLock System?

Versico Roofing Systems' revolutionary RapidLock (RL™) Roofing System utilizes Velcro® Brand Securable Solutions to provide an adhesive-less roof that matches the performance of fully adhered assemblies. RapidLock's easy installation provides a consistent application that eliminates the variability associated with adhesive cure times.

RapidLock systems have been time-tested against severe natural disasters, providing building owners with security by protecting their assets. RapidLock's exceptional performance makes it ideal for both re-roofing and new construction applications.

What are the RapidLock System's Components?

The RapidLock system is comprised of specialty VersiFleece® membrane and VersiCore® RL or SecurShield® RL Polyiso Insulation. The membrane acts as the hook while the polyiso insulation acts as the loop.

RapidLock
TECHNOLOGY

Available Membranes

**Specialty color TPO includes medium bronze, pastina green, rock brown, slate gray and terra cotta*

RAPIDLOCK TECHNOLOGY

Available Insulation

- SecurShield HD – 0.5"
- VersiCore – 2", 2.6"
- SecurShield – 2", 2.6"
- SecurShield HD Composite – 2", 2.5", 3", 3.5", 4"

Why Choose a RapidLock System?

No application temperature restrictions, great for installation any time of year

VOC- and odor-free, will not disrupt occupied buildings

Labor saving adhesive-less membrane attachment system

Integrated with an adhered slip sheet for ease of installation

Excellent resistance to hail and punctures

Up to FM 1-285 & UL Class A

Up to 30-year, 120-mph peak gust wind speed warranty available

Warranty Offering

VersiFleece RapidLock Warranty Options

Warranty Coverage	VersiFleece RL EPDM	VersiFleece RL TPO	VersiFleece RL PVC
Hail	Up to 3"	Up to 3"	Up to 3"
Puncture	Up to 32 hours	Up to 32 hours	Up to 32 hours
Max Wind Speed	Up to 120 mph	Up to 120 mph	Up to 120 mph
Max Warranty Term	Up to 30-years	Up to 30-years	Up to 30-years

Warranty coverage is determined by system design. Reference the warranty tables in the VersiFleece RapidLock Roofing System Specification Attachment IV for a complete list of Warranted Systems and Design Criteria.
