## To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is pleased to add Flexible FAST EU Dual Tank Adhesive to the FleeceBACK® product line. Specially designed for use in the European Union (EU), this product is free of VOCs, has a quick setup time, and provides outstanding adhesion and wind uplift resistance. Flexible FAST EU Dual Tank Adhesive is a self-contained system; each Part-A box contains a gun, a hose, 10 nozzle tips, 10 nozzle extensions, a wrench, and petroleum jelly.

Flexible FAST EU Dual Tanks are required for use in EU countries. Non-EU countries should continue to use standard Flexible FAST Dual Tanks.
