

VERSICO'S VERSIFLEECE® RAPIDLOCK ROOFING SYSTEM

Versico Roofing Systems' revolutionary RapidLock (RL™) Roofing System utilizes Velcro® Brand Securable Solutions to provide an adhesive-less roof that matches the performance of fully adhered assemblies. RapidLock's easy installation provides a consistent application that eliminates the variability associated with adhesive cure times.

RapidLock systems have been time-tested against severe natural disasters, providing building owners with security by protecting their assets. RapidLock's exceptional performance makes it ideal for both re-roofing and new construction applications.
