Building Owner: The duration of your Carlisle Total System Warranty will not be negatively affected if you fail to meet the requirements of the Carlisle Continu-Care Preventative Maintenance Program. Eligibility of a project in the Continu-Care Preventative Maintenance Program will be made at Carlisle's sole discretion. At a minimum, the original warranted assembly must be eligible for a 20-year Total System Warranty to be eligible for the Carlisle Continu-Care warranty. The maximum warranty duration, including the additional five (5) years extension may not exceed 30-years. The Carlisle Continu-Care warranty may not be eligible on projects that do not conform to Carlisle's Specifications and Detail or Warranty Fee Schedule. Only Total System warranties are eligible for the Continu-Care warranty.

Carlisle Authorized Early Bird Warranty Applicators may only submit warranty extension requests for Total System Warranties installed by their company. Carlisle Authorized Early Bird Warranty Applicators who are not in good standing with Carlisle for any reason may not request a warranty extension.
