

6" x 100' 60-mil Reinforced VersiWeld® TPO Overlayment Strip
May 06, 2020

To: Versico Roofing Systems' Authorized Contractors

Versico Roofing Systems is pleased to introduce its VersiWeld 6" x 100' 60-mil Reinforced TPO Overlayment Strip. This product can be used to cover end laps on VersiFleece® and QA TPO systems and to strip-in flat metal flanges on details such as TPO coated drip edges, gravel stops, and scuppers. Made of heat-weldable 60-mil reinforced TPO membrane, Versico's 6" TPO Overlayment Strip is in-stock in white, gray, and tan and is packaged as three 6" x 100' rolls per carton.
