

DASH and Flexible DASH 5-Gallon Jug Adhesives
October 12th, 2017

To: Versico Roofing Systems' Authorized Contractors

Versico Roofing Systems is pleased to announce the addition of DASH and Flexible DASH 5-Gallon Jug Adhesives to its VersiFleece® product line. DASH and Flexible DASH 5-Gallon Jug Adhesives are VOC free and provide outstanding wind uplift resistance, adhesion, strength, and setup time. Versico's patented jug design offers unmatched moisture resistance, increased durability and adhesive visibility, and features easy-load handles. DASH and Flexible DASH 5-Gallon Jugs are designed to work with all low-pressure dispensing equipment, including PaceCart®, Patriot Jr., EZ Loader®, and Cyclone.

DASH IC (Winter Grade) Bag-in-a-Box (BIB) will be discontinued once inventory levels are depleted. For applications where DASH IC product is required, Flexible DASH 5-Gallon Jugs should be used. Flexible DASH adhesive can be applied in ambient temperatures of 25°-125°F.

Flexible DASH 5-Gallon Jug Adhesive		
	Product Code	Stocking Location(s)
Flexible DASH 5-Gallon Jug Part A	329526	C, G, S, T
Flexible DASH 5-Gallon Jug Part B	329527	C, G, S, T
DASH 5-Gallon Jug Part A	329523	C, G, S, T
