

## InsulBase and SecurShield® 1/2" 20 psi Additional Bundle Sizes Announcement November 21, 2023

To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is pleased to announce lightweight packaging choices for our 1/2-inch 20 psi 4' x 8' polyiso boards. InsulBase and SecurShield products are now offered in two convenient bundle sizes: the existing 96-piece bundles and the newly introduced 45-piece bundles. The 45-piece bundles have been introduced to improve rooftop safety and efficiency. Please see the new product codes below.

| 4' x 8' InsulBase Polyiso |  |                         |            |            |
|---------------------------|--|-------------------------|------------|------------|
