

# WHITE PEEL & STICK ACCESSORIES ON VERSIWELD® TPO MEMBRANE SYSTEMS

## VersiGard White EPDM P&S accessories for use with TPO Membrane Systems

Increase your productivity by taking advantage of the many labor-saving products available for Versico Roofing Systems single-ply roofing installations.

Versico Roofing Systems allows contractors to use several of its labor-saving VersiGard White EPDM Peel & Stick (P&S) accessories on VersiWeld TPO roofing systems (with up to 20-year Total System Warranties). VersiGard White P&S accessories can provide substantial labor savings on projects with hard-to-flash penetrations and are ideal for circumstances in which the use of a generator and hand welder are not practical.

### Labor-Saving Benefits

Using VersiGard White P&S accessories on difficult-to-flash penetrations saves time and boosts rooftop productivity. And because VersiGard White P&S accessories are installed without a generator and hand welder, they're ideal for quick repairs on TPO roofs.

### Time Tested

- Versico's VersiGard White EPDM Accessories have 25 years of proven performance
- Excellent UV & heat resistance
- Meets LEED® and California Title 24 cool roof standards
- TPO Clear Cut-Edge Sealant
