To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is pleased to introduce 12' InsulBase with ReadyFlash Technology. InsulBase is a rigid roof insulation panel composed of a closed-cell polyisocyanurate foam core manufactured on-line to fiber-reinforced facers (GRF). InsulBase in 12' lengths will be available in thicknesses of 1.5", 1.75", 2.0", 2.2", 2.5", 2.6", 3.0", 3.3", and 3.5".

12' InsulBase benefits:
- Saves labor and costs with reduced fastening patterns for mechanically fastened membranes.
  - 6 fasteners per 12' board saves 3 fasteners per square over 5 fasteners per 8' board.
- Saves labor when compared to using 8' boards.
  - In a time trial, 12' boards had a labor savings of 34% over the traditional 8' boards.
- Reduces the number of seams and gaps, leading to better thermal efficiency.
- Simplifies logistics due to the transportation and handling of fewer boards.
- ReadyFlash Technology provides the choice between dark- and light-colored facers to control adhesive flash-off times.

Product Code	Description	Lbs./Bundle	Stocking Location
316710	1.5 Flat Blk-Blk 20psi 48x144 1536sf	474.62	Sikeston
359089	1.75 Flat Blk-Blk 20psi 48x144 1296sf	449.06	Sikeston
307143	2.0 Flat Blk-Blk 20psi 48x144 1152sf	442.37	Sikeston
347561	2.2 Flat Blk-Blk 20psi 48x144 1008sf	417.31	Sikeston
359329	2.5 Flat Blk-Blk 20psi 48x144 912sf	418.61	Sikeston
349237	2.6 Flat Blk-Blk 20psi 48x144 864sf	409.54	Sikeston
316966	3.0 Flat Blk-Blk 20psi 48x144 768sf	410.11	Sikeston
349239	3.3 Flat Blk-Blk 20psi 48x144 672sf	389.09	Sikeston
359330	3.5 Flat Blk-Blk 20psi 48x144 624sf	380.02	Sikeston

Pricing is set at a $0.005 cent upcharge from standard length boards. This upcharge is offset by the fastener reduction and labor-saving considerations. This upcharge will be waived for the remainder of 2024.

For more information regarding pricing and availability please contact your local Carlisle Manufacturer's Representative.

Sincerely,

Wes Sherrer – Insulation Product Manager
