

**Spray Training and Innovation Center Opening
March 15, 2023**

To: Versico Roofing Systems' Authorized Contractors

Versico Roofing Systems is pleased to announce the launch of Flexible DASH™ Adhesive & Rig Training in the company's new, state-of-the-art Spray Training and Innovation Center in Carlisle, PA. This training class provides in-depth content on Flexible DASH dispensing equipment in hot and cold temperatures.

Attendees will receive an overview of different equipment utilized in the field as well as review VersiFleece® membranes, VersiFleece details, and Flexible DASH Adhesives. Each class will focus the HULK and Patriot Jr. spray rigs, and attendees will learn all the ins and outs of startup, operation, shutdown, maintenance, troubleshooting, and repair.

[Click here](#) for more information about Flexible DASH Adhesive & Rig Training and the rest of Versico's Continuing Roofing Education & Workshops (C.R.E.W.).

Sincerely,

Brian Calaman
Sr. Product & Application Specialist - Fleece Membranes and Urethane Adhesives
