

VersiFleece® RapidLock™ White EPDM
December 3, 2024

To: Versico Roofing Systems' Authorized Contractors

Versico Roofing Systems is pleased to introduce VersiFleece RapidLock White EPDM. This cutting-edge roofing technology provides the proven quality of EPDM membranes, boasting superior weathering resistance due to 60-90 mils of monolithic weathering membrane. These benefits, combined with our revolutionary RapidLock Technology and a white solar reflective membrane, make this product a great choice for your next project.

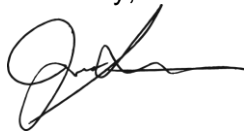

VersiFleece RapidLock White EPDM Benefits:

- Adhesive-less systems offer up to 80% labor savings vs. traditional bonding adhesives and up to 25% labor savings vs. low-rise urethanes.
- Fully adhered membrane system contains no VOCs or odors and provides the puncture- and tear-resistance of fleece membranes.
- Available in 115- and 145-mil-thick membranes which allow options for 25/30-year warranties up to 120 mph.
- White EPDM provides an SRI value of 98 as per ASTM E1980.
