

VERSIGARD® EPDM

A History of Performance

Why Choose VersiGard EPDM?

Over the past 30+ years, Versico Roofing Systems EPDM has established itself as the ultimate upgrade among single-ply roofing systems. Its stellar reputation is backed by decades of proven performance across a variety of building types, climates, and conditions. Versico Roofing Systems EPDM is the most dependable and longest-lasting single-ply roof system on the market and a building block of superior roof performance.

Built to Last

- Outperforms all other single-ply membranes in longevity and weather ability
- Expands and contracts – ideal for various climatic conditions
- Engineered for every application: mechanically fastened, ballasted, fully adhered, VacuSeal vent secured or Quick-Applied
- Low installation, maintenance and overall lifecycle costs
- Industry leading UV resistance of 41,580 kJ/m²

Numbers Don't Lie

- Energy efficient options: While black EPDM absorbs heat, white or light-colored EPDM options are available that can reflect sunlight and decrease cooling costs in warmer climates
- Versico has over 102,471 warranted EPDM roof systems installed throughout the U.S.
- Versico has more than 1.4 billion square feet of warranted EPDM roof systems installed throughout the U.S.
- First manufacturer to exceed 20 billion square feet of EPDM membrane production
- First manufacturer to offer white and gray EPDM membrane in addition to the traditional black

Time, Labor & Cost Savings

- Thicknesses from 45-mil to fleece backed 145-mil for added hail and puncture resistance
- Over 60 VersiGard EPDM membranes are available with factory-applied Quick-Applied Tape (VersiGard QAT), which greatly reduces seaming time and improves seam quality and consistency
- Widths from 5' to 50' for all building types
- Quick-applied, prefabricated accessories are available for virtually any penetration or detail that can be used on EPDM or TPO membrane systems
- VersiGard Non-Reinforced EPDM (Black and White) and VersiGard Black Reinforced EPDM are available with Quick-Applied Technology (VersiGard QA EPDM)
- Comply with reflective roof mandates with VersiGard White and Cool Gray EPDM
- Reduce environmental impact by recycling EPDM at the end of its very long service life

A SINGLE SOURCE FOR SINGLE-PLY ROOFING
