# EPDM ACCESSORIES

A ready reference guide for ordering EPDM Accessories for your next job.

Versico's White EPDM Peel & Stick Accessories available for use with Versico's VersiWeld TPO.

## Quick-Applied Seam Tape

A fully cured synthetic rubber product used for field seaming cured EPDM membrane in ballasted, adhered and mechanically attached roofing systems.

### Sizes Available:

3" x 100' – Black or White  
6" x 100' – Black or White  
(White approved for TPO)

### Quantity Per Box:

4 rolls (3"), 2 rolls (6")

## 20" Quick-Applied Cured Flashings

Cured 60-mil EPDM membrane pre-cut to 20" wide with QA Seam Tape already applied. This product provides an efficient way to flash curbs and short walls.

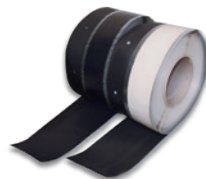

### Sizes Available:

20" x 50' (Black or White)  
(White approved for TPO)

### 20" Quick-Applied Curb Flashing

20" x 50' (with 6" QA Seam Tape) – Black

**Quantity Per Box:** 1 roll

## Quick-Applied RTS

Reinforced Termination Strip (RTS) combines reinforced EPDM with 3"-wide Quick-Applied tape to prevent bridging. A 9" version with 3"-wide and 6" version with 1"-wide Quick-Applied tape on both sides permits securement of perimeter sheeting on mechanically attached systems.

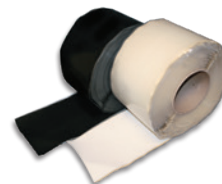

### Sizes Available:

6" RTS – Black or White – *Use with all EPDM Systems*

9" RTS – Black – *Use with Mechanically Attached EPDM Systems*

(White approved for TPO)

**Quantity Per Box:** 2 rolls (6"), 1 roll (9")

## Quick-Applied Cured Coverstrip

Cured 60-mil EPDM membrane laminated to a synthetic rubber adhesive makes this product the optimal solution to overlay seam fastening plates, stripping in metal edgings or making roof repairs.

### Sizes Available:

6" x 100' – Black or White

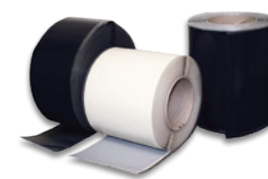

9" x 100' – Black or White

12" x 50' – Black or White

(White approved for TPO)

### Quantity Per Box:

2 rolls (6"), 1 roll (9" and 12")

## Quick-Applied Uncured EPDM Flashing

Uncured 60-mil EPDM laminated to synthetic rubber adhesive. Quick-Applied Uncured EPDM Flashing can be used to flash corners, pipes, and other penetrations.

### Sizes Available:

6" x 100' – Black or White

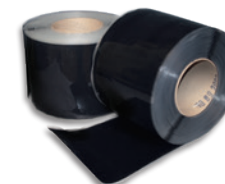

9" x 50' – Black or White

12" x 50' – Black or White

(White approved for TPO)

### Quantity Per Box:

2 rolls (6"), 1 roll (9" and 12")

## Quick-Applied Overlay Strip

Semi-cured EPDM laminated to a synthetic rubber adhesive. It is designed for stripping in seams, all types of metal edging and Versico Seam Fastening Plates.

### Sizes Available:

6" x 100' – Black

9" x 100' – Black

12" x 50' – Black

**Quantity Per Box:** 2 rolls (6"), 1 roll (9" and 12")

## Quick-Applied T-Joint Covers

Uncured EPDM laminated to a synthetic rubber adhesive. Required to overlay T-Joint intersections of splices in the field as well as at angle changes for wall flashings. An additional 12" x 12" T-Joint Cover is required for 30-Year Warranty Systems.

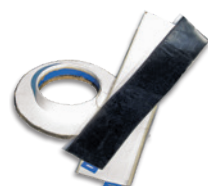

### Sizes Available:

6" x 6" – Black or White

12" x 12" – Black

(White approved for TPO)

**Quantity Per Box:** 20

## Quick-Applied Pourable Sealer Pockets

Uncured EPDM Flashing with a synthetic rubber adhesive and a 2" support strip pre-applied to the flashing. Sizes can be combined to form larger pockets when required.

### Sizes Available:

4" dia. – Black

6" dia. – Black or White

8" dia. – Black or White

(White approved for TPO)

**Quantity Per Box:** 12

## Quick-Applied Pipe Seals

Cured EPDM with a synthetic rubber adhesive. QA Pipe Seals increase the speed and ease of installation.

### Sizes Available:

½" – 3" – Black

1" – 6" – Black or White

(White approved for TPO)

**Quantity Per Box:** 10

## Quick-Applied Inside/Outside Corners

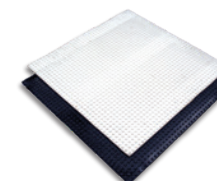

Uncured EPDM laminated to a synthetic rubber adhesive. The pre-cut corners greatly reduce installation time and can be used for inside and outside corner installations.

### Sizes Available:

7" x 9" – Black or White

(White approved for TPO)

**Quantity Per Box:** 20

## Quick-Applied Walkway Pads

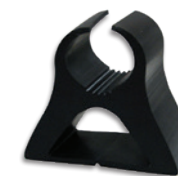

Cured EPDM with a synthetic rubber adhesive. Quick-Applied Walkway Pads are designed to protect the EPDM membrane in areas exposed to repetitive foot traffic.

### Sizes Available:

30" x 30" – Black or White

(White approved for TPO)

**Quantity Per Box:** 50

## Pipe Supports

An extruded EPDM product used to support steel pipe, electrical conduit, PVC pipe, and copper tubing on Versico's EPDM, TPO, and PVC roofing systems.

### Sizes Available:

Mini: ½" – 1½"

Small: ¾" – 2"

Large: 2½" – 5"

**Quantity Per Box:** 20 (Mini and Small), 10 (Large)
