

Flexible DASH™ Adhesive Disposal Guidelines

Versico's Flexible DASH Adhesive offers a shelf life of one year from the original manufacturing date when stored per Versico requirements.

When Flexible DASH reaches its shelf life, it should be disposed of in a licensed facility. Numerous licensed environmental waste management companies can assist with the disposal process.

Environmental Waste Minimization Inc. (EWMI) is a recommended partner due to their experience with waste management and commitment to environmentally responsible solutions.

EWMI service includes:

- Planning
- Pickup
- Transportation
- Disposal

EWMI guarantees a quick response and they are fully equipped to facilitate the transportation and disposal of Flexible DASH in the following packaging options:

- Dual Cartridges
- Dual Tanks
- 5-Gallon Jugs
- 15-Gallon Drums
- 50-Gallon Drums

How to Dispose of Expired Flexible DASH Adhesive

- 1 Download the appropriate Flexible DASH Safety Data Sheet (SDS) from the Versico website.
- 2 Contact EWMI at (484) 275-6900 and ask for Inside Sales.
- 3 Provide EWMI with the Flexible DASH SDS and the amount of product that requires disposal.
- 4 Obtain a quote from EWMI for Flexible DASH disposal.
- 5 Schedule a pickup with EWMI.

Precautions

- Do not reuse empty containers.
- Steel drums must be emptied and can be sent to a licensed drum reconditioner for reuse, a scrap metal dealer, or an approved landfill.
- Do not attempt to refill or clean containers since residue is difficult to remove.
- Under no circumstances should empty drums be burned or cut open with a gas or electric torch as toxic decomposition products may be liberated.

For empty container recycling, please reference **Versico's container recycling program with Clean Earth.**
