

CARLISLE'S AUTHORIZED APPLICATORS MARKETING ANNOUNCEMENT

ID-2016-05

Overburden Components of Warranty Issuance

March 28, 2016

To: Carlisle SynTec Systems' Authorized Applicators

Effective immediately, Early Bird Warranties are not available for projects in which Carlisle Roof Garden Systems, Carlisle Plaza Pavers*, and/or solar arrays will be installed atop the roofing membrane.

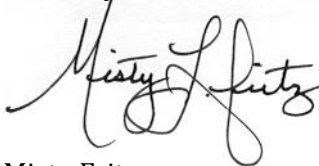

Carlisle offers a full range of Roof Garden components and Plaza Pavers to meet virtually any roof design. If the building owner wishes to obtain a Carlisle Total System Warranty, all Roof Garden components and Plaza Pavers installed must be supplied by Carlisle.

Upon completion of the membrane system, **prior to overburden installation**, please contact a Carlisle Inspection Coordinator to schedule a jobsite visit. After the overburden components have been installed and the Notice of Completion has been submitted, a final inspection will be scheduled for warranty issuance.

Inspection Coordinator	Region	Phone Number
Carol Darhower carol.darhower@carlisesyntec.com	Atlantic East Northeast Southeast	(800) 453-2554 Ext. 7023
Jodi Riley jodi.riley@carlisesyntec.com	Mid-Atlantic North Central Southwest Northwest	(800) 453-2554 Ext. 7335
Lauren Turby lauren.turby@carlisesyntec.com	Southeast Southwest Northwest	(800) 453-2554 Ext. 7334
Cristina Mondragon crissy.mondragon@carlisesyntec.com	Canada	(905) 829-1116

If you have any questions, or for more information, please contact your Carlisle Manufacturer's Representative.

Sincerely,

Misty Fritz

Manager - Warranty Administration, Technical Systems and Services

**Plaza Pavers that are loose-laid in ballasted systems will not be held to these inspection requirements.*
