

Carlisle SynTec Systems' FleeceBACK® Team

The mission of Carlisle's FleeceBACK team is to assist and support users of FleeceBACK systems and products. Carlisle has the industry's only dedicated FleeceBACK team to provide unparalleled sales, technical, and equipment support. Carlisle's FleeceBACK Specialists have completed rigorous technical training in two-component urethane adhesives, fluid applied restoration coatings, adhesive delivery equipment, and all FleeceBACK systems (EPDM, TPO, PVC, and RapidLock).

THE RANGE OF SUPPORT TOOLS OFFERED BY THE FLEECEBACK TEAM INCLUDES:

Sales Support:

- Adhesive pull tests
- Pre-bid meetings
- Incentive programs
- On-site demonstrations

Technical Support:

- Applicator training and assistance
- Job site assistance

Application Support:

- Application training
- Equipment support
