

# PRODUCT UPDATE

## FleeceBACK® AFX TPO Availability March 31, 2023

### To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is pleased to announce that effective immediately, FleeceBACK AFX TPO membranes will be available for order again. Due to disruptions with Carlisle's fleece suppliers, orders for this product had been put on hold temporarily.

As a reminder, FleeceBACK AFX TPO is compatible with Hot-Mopped or Cold-Applied adhesives and is available in total sheet thicknesses of 120, 135, and 155 mils. It is ideal for re-covering aged smooth-surface BUR, mineral cap sheets, or SBS-modified bitumen roofs. FleeceBACK AFX TPO can be used in conjunction with Carlisle's Modified Base Sheets for a multiple-ply, redundant system. AFX TPO is also approved for use in mechanically fastened systems. See below for product codes and stocking information.

| FleeceBACK AFX TPO Membrane |  |        |               |
|-----------------------------|--|--------|---------------|
| Code                        | Sheet Sizes                                  | Weight | Stock         |
| 307275                      | 120-mil White TPO AFX FleeceBACK - 12' x 75' | 312    | LT            |
| 308643                      | 120-mil White TPO AFX FleeceBACK - 6' x 75'  | 159    | LT            |
| 307276                      | 135-mil White TPO AFX FleeceBACK - 12' x 75' | 397    | Senatobia, MS |
